KEERTHANA G

PYTHON FULL STACK DEVELOPER

Chennai, Tamil Nadu — +91 8072537805 — keerthanaguberan2005@gmail.com
LinkedIn — GitHub

PROFESSIONAL SUMMARY

Entry-level Python Full Stack Developer with hands-on experience building web applications using Python, React.js, FastAPI, Django, JavaScript, HTML5, CSS3, and SQL. Skilled in developing RESTful APIs, implementing CRUD operations, integrating frontend applications with backend services, and working with relational databases. Developed a full-stack task management application and a React-based interview management platform. Strong foundation in Object-Oriented Programming, API integration, responsive web development, and software development fundamentals. Seeking an entry-level Python Developer, Full Stack Developer, or Software Developer position.

TECHNICAL SKILLS

Languages	Python, JavaScript
Frontend	HTML5, CSS3, React.js, Vite
Backend	Django, FastAPI, RESTful APIs
Databases	SQL, SQLite, PostgreSQL, Oracle SQL
Tools	Git, GitHub, Visual Studio Code, Uvicorn
Concepts	Object-Oriented Programming, CRUD Operations, API Integration, CORS, Authentication, Component-Based Development, Responsive Web Development

PROJECTS

ToDo Application – Full Stack Task Management System *React.js — FastAPI — PostgreSQL*

- Developed a full-stack task management web application using React.js for the frontend and FastAPI for the backend.
- Designed and implemented RESTful API endpoints for creating and retrieving task data.
- Integrated the React.js frontend with FastAPI backend services for real-time application data communication.
- Implemented CRUD-oriented task management functionality and handled API requests between frontend and backend.
- Configured Cross-Origin Resource Sharing (CORS) and used Uvicorn as the ASGI server for backend development.
- Used PostgreSQL for persistent application data storage and Git/GitHub for version control.

InterviewFlow – Interview Management & Preparation Platform *React.js — JavaScript — HTML5 — CSS3*

- Developed a React.js web application for managing interviews, preparation activities, and interview questions.
- Implemented Dashboard, Interviews, Interview Details, Preparation, Questions, and Question Details modules.
- Created reusable React components and implemented component-based application architecture.
- Implemented client-side routing and structured navigation between application modules.
- Used React state, props, event handling, and conditional rendering to create interactive user interfaces.
- Designed responsive and user-friendly interfaces using HTML5, CSS3, JavaScript, and React.js.

EDUCATION

Bachelor of Science (B.Sc.) in Physics **2025**
Alagappa University Affiliated College **76% — First Class**

CERTIFICATION

Python Full Stack Development – QSpiders
